

# Hamworthy Park Junior School and Twin Sails Infant School

## Accessibility Plan 2017

### **Purpose of the Plan**

The purpose of this plan is to show how Hamworthy Park Junior School and Twin Sails Infant School intends, over time, to maintain and increase the accessibility of our schools for disabled pupils.

### **Definition of Disability**

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.

### **Legal Background**

From September 2002, the Disability Discrimination Act 1995 outlawed discrimination by schools and LA`s against either current or prospective disabled pupils in their access to education. It is a requirement that the school`s accessibility plan is resourced, implemented and reviewed and revised as necessary.

This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the school curriculum, which includes teaching and learning and the wider curriculum of the school, such as participation in after school clubs, leisure and cultural activities or school visits
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services, which includes improvements to the physical environment of the school and physical aids to access education

- improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled. eg. handouts, timetables, textbooks and information about school events. The information should take account of the pupils` disabilities and the preferred format of pupils and parents and be made available within a reasonable timeframe

Hamworthy Park Junior School and Twin Sails Infant School aims to treat all stakeholders, including pupils, prospective pupils, staff, governors and other members of the school community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The school aims to work closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life. The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils. As part of the school's continued communication with parents, carers and other stakeholders we continually look at ways to improve accessibility through data collection, questionnaires and parental discussions.

## **Contextual Information**

The majority of the school building, playground, swimming pool and car park is now accessible for a child in a wheelchair. The only part of the Junior school building that is not suitable for wheel chair user is the upstairs two classrooms in the new extension currently used by Year 6. The two ground floor classrooms are fully accessible as well as a new disabled toilet. The infant school has a specific classroom allocated and resourced for pupil's with hearing impairment.

### **The Current Range of Disabilities within Hamworthy Park Junior School and Twin Sails Infant School**

The school has children with a range of disabilities which include Autistic Spectrum Disorder, Cerebral Palsy, Diabetes, Epilepsy, Visual Impairment and severe allergies. When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents. Personal Emergency Evacuation Plans (PEEPs) are produced as required.

We have a number children who have asthma and all staff are aware of these children. Inhalers are kept in the classrooms/year base or school office and a record of use is noted.

Some children and adults have allergies or food intolerances/cultural food choices. Epipens where necessary and as provided are kept in the classrooms/year base.

All medical information is collated and available to staff, on the staff noticeboard in the main staff corridor opposite the entrance to the school office.

We have a number of competent First Aiders who hold current First Aid certificates, based in each year group and members of our lunchtime supervisory staff.

All medication is kept in a central safe and secure place which has easy access for First Aiders and staff members. Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded.

## Hamworthy Park Junior School and Twin Sails Infant School Accessibility Plan 2017

Targets	Strategies	Outcome	Timeframe	Achieved
<b>EQUALITY AND INCLUSION</b>
