Dear Parent(s)/Carer(s)

National Curriculum Test Week – Monday 13th May – Thursday 16th May 2019

We are writing to remind you about the forthcoming National Curriculum Testing Week which commences on 13th May until Thursday 16th May. The Year 6 children have been working exceptionally hard over the past few months in preparation for their tests. We have made every effort to ensure that your child is totally prepared for the week and we ask that you can support them through the week by:

- Ensuring your child has an early bedtime over the weekend and throughout NCT week. Sleep plays a key role in your child's education and it is vital that your child has sufficient sleep;
- Limiting their video game/social media use around bedtime so as not to interfere with your child's sleep;
- Ensuring your child has a good breakfast, lunch and dinner throughout the week to maximise their energy levels;
- Making sure your child has a water bottle throughout the week;
- Sending them to school relaxed and feeling confident and positive!

Following the success of our 'Breakfast Club' during mock NCT week, **ALL Year 6** children are invited to attend breakfast each morning (Monday to Thursday) from 8.15am, starting on Monday 13th May. We will be serving a breakfast buffet to the Year 6 children and we would like as many children as possible to attend. We hope that this will support them in their tests and get them prepared and ready for the day. To attend, your child simply needs to arrive at school between 8.15am and 8.35am and come to the school hall via the main entrance where we will be serving breakfast. Please encourage your child to come even if they have already had breakfast at home as it offers a perfect opportunity to relax and be amongst staff and their peers.

Please find attached to this letter a timetable for the week; the children in Year 6 are extremely well prepared for the week and we hope they feel confident about the tests. Please encourage your child to attend the breakfast club and if you have any questions regarding the testing week please contact us via the school office.

Thank you for your support in advance and the very best of luck and best wishes to your child.

Yours sincerely
