

Curriculum Overview

Year 4 Autumn Term

Maths

We will be learning and developing our knowledge in many different mathematical areas this term. We will start by strengthening our knowledge of Number and Place value. Later in the term, we will be discovering more about addition, subtraction as well as multiplication and division. We will then apply these skills to various reasoning and real life problems.

English

We will be starting this year with a focus on narrative in our writing. We will be using an extract from Roald Dahl's 'The Twits' to help us understand the importance of characterisation. In reading, we will be using our inference and deduction skills and will develop our skills of reading around the text to help our understanding.

Topic (Science and History)

Our topic this term is based on Ancient Egypt. We will be locating Egypt using atlases, learn about Ancient Egyptian culture and we will discover more about how the Egyptian's lived. Part of this topic will involve learning about Egyptian Gods, mummification and the importance of the River Nile!
In Science, we are learning all about States of Matter. We will be learning the different properties of solids, liquids and gases and will conduct various experiments to discover more about this and the water cycle.

P.E and Swimming

Games (outdoors): We will be learning all about invasion games, with a focus on football skills and technique.
PE (indoors): We will be learning gymnastics. Children will discover how to make various shapes and symmetry,. How to balance and create sequences combining different levels of height.

Computing

We will be developing our understanding of coding and will learn how to create our own computer programs. This will involve creating software that accomplishes simple problems.

Art and Design technology

Our Art learning will link with our exciting Ancient Egypt topic this term. We will be learning how to make our very own canopic jars and clay cartouches!

Music

We will start the year by developing our rhythmic skills together as a class. Later in the term, we will be learning Christmas songs that will help develop our understanding of how to properly use our vocal cords including using the appropriate tone, pitch and volume.

R.E and PSHE

In PSHE our learning focus is 'Being Me in My World'. We will discover how to be a good citizen and what our Rights and Responsibilities are. In RE we will be starting to discover more about Judaism and Christianity

French

We will be developing our use of French language by learning various greetings. We will also learn how to ask and answer questions related to name, age and how we are feeling.
